Microsoft® Visio® 2010 Advanced

Course Description

Course Objective: You will create custom elements and a custom template, represent external data as a drawing, and share your work with others.

Target Student: This course is designed for a person who has an understanding of the basic workflow and the concept of end-to-end flowcharting.

Prerequisites: To ensure your success, it is recommended that you take the following Element K course:

- ◆ Microsoft® Visio® 2010: Level 1.

Course Objectives

Upon successful completion of this course, students will be able to:

- ◆ Create a custom shape.
- ◆ Design a custom stencil.
- ◆ Design styles and templates.
- ◆ Design a floor plan.
- ◆ Represent external data in Visio.
- ◆ Share your work.
